

Dear Blue Shield,

Did you recently cancel your health insurance? If you have health insurance, disregard this message. If you don't currently have health coverage, last year made it clear health insurance is more important than ever!

With NEW financial help from the American Rescue Plan – people of nearly all income levels are likely to save on brand-name health plans, like Kaiser, Anthem Blue Cross and Blue Shield through Covered California!

Most who apply for health coverage through Covered California will receive this NEW financial help. Your potential savings are so big that:

- More than half of Covered California members pay only \$1 per month per person
- New enrollees save an average of \$600 per month

Don't go without health insurance. Your health plan is not just for when you or your family members are sick – all health insurance plans through Covered California include free preventive care! [Preventive care](#) includes services like annual checkups at no cost to you and, more importantly, can help you stay healthy and avoid bigger health issues.

Another benefit when enrolled through Covered California is that all health plans include [dental care for children](#) at no extra cost! Kids can get free preventive and diagnostic dental services, meaning things like cleanings and exams, won't cost you extra!

For adults, a dental plan can be added to your health plan for an additional cost. All [family dental plans](#) offer no deductible for diagnostic and preventive services. You can learn more information about family dental plans [here](#).
