### GENERAL

#### 1. What is the HMO Platinum POS plan?

The HMO Platinum POS Plan has the predictable out-of-pocket costs of an HMO plan and some of the flexibility of a PPO plan.

When you enroll in this plan, you'll need to select a primary care physician (PCP) for yourself and your covered dependents from the Blue Shield Access+ HMO® Network. Your PCP coordinates all your care and refers you to specialists and hospitals within their medical group/independent practice association (IPA). Each member of your family can choose a different physician and medical group/ IPA.

With the HMO Platinum POS Plan, you have access to two levels of benefits:

**Level I: Your "HMO-level" benefits:** Using your Level I (HMO) benefits provides you with the highest level of benefits – i.e., full plan benefits at the lowest out-of-pocket cost to you. However, you will only be covered under Level I when care is provided by your PCP or any provider authorized by your PCP. You cannot self-refer to a specialist under your Level I benefits.

There is an exception: Under Level I benefits, women can self-refer to an OB/GYN within their PCP's medical group/IPA for OB/GYN-related services.

**Important:** For inpatient services such as those provided by hospitals and other facilities, hospice agencies, and non-physician healthcare practitioners, you are required to receive care under your Level I (HMO) coverage.

Using your Level I (HMO) benefits through your PCP is the most cost-effective way to use your HMO Platinum POS Plan because it provides for the lowest out-of-pocket costs.

**Level II: Your “PPO-level” benefits** – Under your Level II (PPO) benefits, you can see any doctor or specialist in the Blue Shield PPO Network without a referral from your PCP for select outpatient services. However, you are only covered for consultation, evaluation, and treatment that can be performed in the doctor’s office. (**Note:** Lab services are covered only when performed in the office in conjunction with the office visit.)

While this additional PPO office visit benefit enhances your range of covered services and gives you more choices, you will be responsible for applicable copayments and non-covered charges. In addition, your share of costs will be higher than with your Level I (HMO) benefits.

**Important:** Your PCP must coordinate and authorize care under your Level I (HMO) benefits for the following:

- Services that require hospitalization
- Outpatient surgery
- Imaging services
- Maternity care
- Other therapeutic care

As a new member, you may be entitled to a medical review that may allow you to continue your current treatment plan with your prior provider for a specified time frame due to a specific diagnosis. If you have a continuity of care issue, please contact Shield Concierge for assistance. Blue Shield may assign a case manager to assist you with your specific continuity of care needs.

## PHARMACY BENEFITS

### 1. Do I have pharmacy benefits with Blue Shield?

Yes. Go to the *Pharmacy benefits* section of [blueshieldca.com/teamsters1932](https://blueshieldca.com/teamsters1932) to view Blue Shield's Plus Drug Formulary, learn about prescriptions by mail, and more. Our Plus Drug Formulary is a list of our preferred brand-name and generic drugs.

## 2. What is a drug formulary?

A formulary is a list of medications approved by the Food and Drug Administration (FDA) that are selected based on safety, effectiveness, and cost – and that are covered under your Blue Shield prescription drug benefit. A drug listed in the formulary does not guarantee it will be prescribed by your doctor.

## 3. What are drug tiers?

Drugs in a formulary are typically grouped into tiers based on defined categories such as generic drugs, preferred brand-name drugs (which will generally have a lower member cost share), non-preferred brand-name drugs, and specialty drugs. The tier that your prescribed medication is in determines your portion of the drug cost. A typical drug benefit includes three or four tiers. You can find information about what you pay by drug tier in your health plan documents.

## 4. How do I know if my medication is on Blue Shield's drug formulary?

To see if your medication is on the list, use our [Plus Drug Formulary search tool](#). For more information about the formulary, see the *Pharmacy benefits* section of [blueshieldca.com/teamsters1932](https://blueshieldca.com/teamsters1932). You can also call Shield Concierge for assistance at (855) 599-2657.

## 5. I am interested in using the mail service pharmacy to fill my prescriptions. How do I get started?

Go to the *Pharmacy benefits* section of [blueshieldca.com/teamsters1932](https://blueshieldca.com/teamsters1932) and select *mail service pharmacy* for instructions. You can also contact Shield Concierge for assistance at (855) 599-2657.

## 6. Can I get a 90-day supply of prescription maintenance drugs from a retail pharmacy?

Yes. If you take maintenance medications for long-term medical conditions or for chronic conditions such as diabetes, you can obtain a 90-day supply from any participating retail pharmacy in Blue Shield's pharmacy network.

**7. I am a new enrollee in the HMO Platinum POS Plan. I have received prior authorization for a prescription drug from my previous carrier. Do I need to get authorization from Blue Shield to refill this prescription after my plan's effective date?**

The list of drugs that require prior authorization for coverage varies from one health plan carrier to another. If you are currently covered under another carrier and have enrolled in a Blue Shield health plan, your prescribing physician may need to obtain prior authorization from Blue Shield to ensure that your prescription will be covered after your plan's effective date. Be sure to ask your prescribing physician to contact Blue Shield for prior authorization to refill your prescription. For assistance, contact Shield Concierge at **(855) 599-2657**.

**8. I currently take a prescription drug that is listed on my current plan's specialty prescription drug list. How do I verify if this prescription drug is on Blue Shield's specialty drug list?**

To verify that your prescription drug is on Blue Shield's specialty drug list, contact Shield Concierge at **(855) 599-2657**.
